Jason Curtis

The year 2005 marked my thirtieth year in the real estate profession. The past twenty-five years have been spent here in Clark County, Washington and the wonderful city of Vancouver USA!

After several years in management and ownership in the Windermere office, I returned to sales and marketing over 10 years ago. My expertise in corporate marketing and relocation coordination, while in management, has served my clients well since I returned to sales.

The ability to meet the needs of my clients has been greatly enhanced by the recent arrival of my son, Jason Curtis, who brought his family here to Vancouver to join me in my real estate practice. He brings to the partnership all the benefits of his college education in accounting, business and economics---not to mention the new generation of technical savvy! We are anxious to serve your real estate needs when you come to Clark County, Washington!
