

Curtis & Curtis

EXCEPTIONAL X₂ SERVICE

The year 2015 marks Carol's thirty-ninth year in the real estate profession. Over thirty years have been spent here in Clark County, Washington and the wonderful city of Vancouver USA!

After several years in management and ownership in the Windermere office, Carol returned to sales and marketing over 20 years ago. Her expertise in corporate marketing and relocation coordination, while in management, has served her clients well since she returned to sales.

The ability to meet the needs of her clients has been greatly enhanced by the arrival of her son, Jason Curtis, who brought his family here to Vancouver to join in this real estate partnership almost 10 years ago. Jason brings to their practice all the benefits of his college education in accounting, business and economics--not to mention the new generation of technical savvy! This experienced, highly qualified mother-son real estate team is anxious to go to work for you any time you have a real estate need in Clark County, Washington!
